There is something about the winter months and curling up with a good book by the fireplace. But did you know that heating equipment is one of the leading causes of home fire deaths? With a few simple safety tips and precautions you can prevent most heating fires from happening.

BE WARM AND SAFE!

- Keep anything that can burn at least three-feet (one metre) away from heating equipment, like the furnace, fireplace, wood stove, or portable space heater.
- Have a three-foot (one metre) "kid-free zone" around open fires and space heaters.
- Never use your oven to heat your home.
- Have a qualified professional install stationary space heating equipment, water heaters or central heating equipment according to the local codes and manufacturer's instructions.
- Have heating equipment and chimneys cleaned and inspected every year by a qualified professional.
- Remember to turn portable heaters off when leaving the room or going to bed.
- Always use the right kind of fuel, specified by the manufacturer, for fuel burning space heaters.
- Make sure the fireplace has a sturdy screen to stop sparks from flying into the room. Ashes should be cool before putting them in a metal container. Keep the container a safe distance away from your home.
- Test smoke alarms at least once a month.

Heating Equipment Smarts

Install wood burning stoves following manufacturer's instructions or have a professional do the installation. All fuel-burning equipment should be vented to the outside to avoid carbon monoxide (CO) poisoning.

Install and maintain CO alarms to avoid the risk of CO poisoning. If you smell gas in your gas heater, do not light the appliance. Leave the home immediately and call your local fire department or gas company.

FACT
Half of home heating fires are reported during the months of **December, January & February.**

Fishing Magician

Dave Longhire

Reach Dave @ www.FishingMagician.com or FishBoy@nwi.net "The Outdoor Insider"

There are many popular lakes in the region that will be closing until next spring. I visited a few to see if they looked "fishy". I hope to get out and try some of them myself as they are known to produce large trout in the late fall.

I had a business meeting in Moses Lake recently, so I decided to make swing by several popular fishing locations in Grant County. I wanted to check conditions on two lakes that will be closing at the end of the month, and I encourage anglers to give them a try. The first one was Lake Lenore. This is a popular lake for fly fishers, as it is under selective fishing rules, meaning no bait and barbless hooks, so it also allows for casting with spinners and other lures, too. Anglers are targeting the big Lahontan cutthroat that inhabit the lake. There is good shore access to Lenore. I didn't see any fly fishers when I stopped by but there was a group of anglers casting lures at the top end of the lake. The next stop was at Dry Falls Lake. This is also a selective fishery lake and known to produce big rainbow, brown and tiger trout. There isn't any shore access to Dry Falls so fly fishers fish this one from a pontoon boat, float tube or kayak. I found fishing conditions very good at both of these lakes, so give them a try before they close! I visited some other popular fishing destinations, and you will want to visit the FishingMagician.com Facebook page and Follow me to get all my updates.

I like to fish Rufus Woods Reservoir this time of year, and there is a place that I have had good success over the years. Brandts Landing is a Federal Park not far from the town of Bridgeport. It is located about six miles past the boat launch above Chief Joseph Dam. There are several accesses to the water and some of them have fireboxes so you can keep warm in the fall and winter months. There is a pit toilet at one end of the park. When I want to know if it's worth a trip, I contact my buddy Dave, who is a fish checker for the Colville Tribe. He patrols the areas that anglers like to fish from above the dam and at Brandts Landing. He has given me disappointing reports on the fishing above the dam and at Brandts Landing so far, but his last report was more encouraging. He said that fishing is still slow for this time of year, but there are triploids ranging in size from 3 to 6 pounds being caught. I might make a trip up there next week. This week's photo is of my fishing buddy Keith Hiatt with one of the fish he caught at Brandts Landing.

In the late fall and winter, you can often find me fishing from the shore. The Grand Coulee Dam area offers a few very good opportunities nearby.

One is right at the edge of town. You can see Crescent Lake as you head down the hill toward the dam, and separated by a dike, is Crescent Bay. There is a gravel road that will take you right down to the water. There is a long beach here, that gets longer as the water recedes on Lake Roosevelt. There is a vault toilet here and a couple of picnic tables. There is always room for more anglers to cast from the shore here. You can also take the road to the left that leads to the boat launch. There is a dock here that can be used by boaters who want to fish Lake Roosevelt just above the dam. There are some good spots for shore fishing in this area as well. People will bring a lawn chair to settle in to watch their rods, after they have cast their favorite baits out into the water. Don't be surprised if you get a rainbow over 20 inches!

Fish Lake, near Lake Wenatchee, isn't too far from my home in Leavenworth. It can offer very good fishing for perch in the fall, and I have had some terrific days trolling flies for trout here, too. Last Friday was the first sunny day in a while, so I thought it would be a good idea to drive up there. It is a beautiful spot in the late fall, with the fall colors in full bloom. When I arrived, I saw that there was a breeze blowing, but nothing that would make it uncomfortable if I wanted to launch the Bob Feil Boats and Motors Smoker Craft. The rental boats were stacked against the trees near the store and all but a couple of the pontoon boats had been pulled up on the shore. There was one angler on the dock, and I went out to visit with him. He said he was getting plenty of bites but hadn't hooked anything yet. He was a big fan of fishing here at Fish Lake. He and his wife rent a cabin occasionally or bring a camper. He said they spend as many as 30 days a year at Fish Lake.

I recently sent out my free Quarterly E-Letter for Fall. In this issue I talk about my favorite places to fish this time of year and details about how I go about catching fish at these different destinations. Fishing for triploid rainbow trout on Rufus Woods Reservoir, perch fishing at Moses Lake, and trout fishing at a couple of our year-round lakes are included. I also shared a list of what I consider to be the Top Prospects for the Fall. I have been delivering these free E-Letters to those who have signed up to receive them for over a decade. If you want to be added to the list to receive the four Quarterly E-Letters, which are free, go to my website at www.FishingMagician.com, click on the Contact button on the Home Page and I will get your e-mail address and add you to the list. Earlier this month I sent out the Monthly Update to paying subscribers. These subscribers receive the four Quarterly E-Letters and 12 Monthly Updates. For pricing and to sign up, click the E-Letter button on my website.

Also, I want to remind readers that if you go to my Facebook page and Follow me you will be able see some of the videos and other information I post there!

What's The Difference?
AKC, CKC & UKC

AKC (American Kennel Club)
Founded 1884
Breeds Recognized: 193
The AKC is a registry only for purebred dogs that live in the USA. To register a dog, both parents of the same breed must be registered with the club.

CKC (Continental Kennel Club)
Founded 1991
Breeds Recognized: Over 450
The CKC is an open registry and allows dogs to be registered whose parents are not registered. To do this they require 2 witness signatures and 3 photos to show the dog meets breed standards. Those documents are reviewed by the CKC and can accept or deny the dog's registration.

UKC (United Kennel Club)
Founded 1898
Breeds Recognized: Over 300
The UKC is an international dog registry with dogs registered from all over the world. They use DNA testing to prove a dog's parentage if their parents are not registered. The UKC focuses on the whole dog and they place a lot of emphasis on the breed's abilities.

DOGS

WEEKLY Horoscopes
for November 20 - 26

ARIES – Mar 21/Apr 20
Aries, you understand that when you're working hard toward a goal, the process isn't always straightforward. You may tolerate a fair amount of challenges along the path this week.

TAURUS – Apr 21/May 21
Taurus, it may seem like others around you do not get your sense of humor. While you're confident at telling stories, it takes others a bit of time to appreciate your funny side.

GEMINI – May 22/Jun 21
Gemini, you may be tempted to look past a recent challenge. But reflecting on that adversity and your ability to overcome it will soon pay dividends.

CANCER – Jun 22/Jul 22
Keeping an open mind is one of your strong suits, Cancer. Your willingness to see all sides has benefitted you in numerous ways, and that outlook will continue to bear fruit.

LEO – Jul 23/Aug 23
Dramatic occasions and grand gestures draw your attention this week, Leo. But don't forget to focus on some of the little things that make up most of your days.

VIRGO – Aug 24/Sept 22
Virgo, you notice everything that goes on around you, and you're aware of your own moods, too. That self-awareness serves you well in your relationships.

LIBRA – Sept 23/Oct 23
Libra, even though you generally do not like dealing with uncertainty, this week you're stuck operating without a lot of advanced information. Trust your instincts.

SCORPIO – Oct 24/Nov 22
Sometimes you are hesitant to share your opinions until you feel certain that they are correct, Scorpio. But this week you may miss out if you're being too cautious.

SAGITTARIUS – Nov 23/Dec 21
You're impressed when others carry themselves with confidence, Sagittarius. Learn from their behavior and emulate what you see. You will like the results.

CAPRICORN – Dec 22/Jan 20
Real life requires compromise, Capricorn. Lately it's been your way or the highway, and those around you are taking notice. Don't risk alienating them for good.

AQUARIUS – Jan 21/Feb 18
Aquarius, try not to linger on others' innocent mistakes. People make little missteps all the time. Be gracious in letting those close to you get another shot at your good graces.

PISCES – Feb 19/Mar 20
Pisces, when you've already made up your mind about something, it can be hard to dissuade you. Do not overlook other people's concerns. There is value in seeing things through others' eyes.

"Going fast is your job...Telling people about it is ours...!"

JOEL SCHRADER STATELINE: 2025 V-6 CLAIMERS CHAMPION

Joel Schrader collecting a Stateline Speedway win. Joel Schrader photo

Joel Schrader's 30th season in racing will be more memorable than just for his longevity. Schrader drove his unique minivan to the V-6 Claimers title at Stateline Speedway.

"I started racing around 1995 in Bump-to-Pass then started to do demolition derbies through the years," Schrader wrote in an email.

Through the years Schrader has also raced a variety of classes including Hobby Stocks, Figure-8, Legends, Late Models, School Busses — and the V6's.

Born in Spokane, growing up in Mead and a resident of Colbert for the last 20 years, Schrader looks at 2026 as a time for new racing adventures. "I don't have many plans to race in 2026 except for some dirt racing in Lind," he said.

Schrader's long career includes a number of notable events he said.

"I can't remember 'em all or how many I've won but some of the highlights would be in 1996 3rd of July derby, my first derby win; me Jay Corbin hit head on at the end."

In 2018 he won the demo derby with the highest ever payout that Stateline has ever done against some good drives and cars. As the 2012 Hobby Stock season championship Schrader became the track record holder.

When not behind the wheel Schrader is the supervisor and a technician of a power tool repair department.

"I also do some buying selling cars and buy abandoned storage units and some hauling cars off abandoned properties," Schrader said. And in-between all that I like to fix up cars instead of crashing them and lately fixing up older tow truck also spending time in the mountains."

Schrader said "I've never had many sponsors just my wallet and help from my family and friends."

JOHN FORCE ANNOUNCES RETIREMENT AFTER UNPARALLELED NHRA CAREER

John Force, the 16-time NHRA Funny Cat champion, has announced his retirement from the sport. John Force Racing photo

YORBA LINDA, Calif. (Nov. 14, 2025) – Legendary drag racer John Force, 16-time Funny Car champion and the winningest driver in NHRA history, announced Thursday during a media luncheon at his race shop in Yorba Linda that he is officially retiring from competition 17 months after suffering injuries in a devastating crash during competition at Virginia Motorsports Park in Dinwiddie, Va.

The numbers Force accumulated over a career that began in the 1970s speak for themselves: 16-time NHRA Funny Car Champion (1990-91, 1993-2002, 2004, 2006, 2010, 2013); 157 event wins; 269 final-round appearances; 166 No. 1 Qualifiers; 1,460 round wins in competition.

"I really love NHRA but I am officially done with driving," said Force. "I've said so many times, 'Until this race car kills me, they're gonna have to drag me out of the seat.' But the truth is, I was dragged out of the seat at Richmond and they thought it killed me then. So, I'm lucky that I'm back walking. They always say never say never, but I have grandchildren with Courtney and Graham, with Ashley and Danny, and now Brittany's retired because she wants to have children."

"It's time for me to retire. I had medical stuff that I had to address and 'do I want to get back in the car and get hit in the head,' and I don't. So, I guess it's official, I'm done. I won't say I won't ever get in a car to warm it up or maybe even make a burnout. Don't know. I guess it'll be the response from the fans. If they cheer loud enough, I'll hear ya."

Force will continue to oversee John Force Racing, the 23-time championship winning organization based in Brownsburg, Ind., and it's three champion drivers: Brittany Force, two-time Top Fuel Champion who is fourth in the point standings in the Monster Energy dragster; Austin Prock, reigning Funny Car Champion who has a 101-point lead going into the Finals in the Cornwell Tools Chevrolet SS Funny Car; and 2012 Funny Car Champion Jack Beckman who took over the driving duties for Force in the Peak Antifreeze and Coolant Chevrolet SS Funny Car and is third in the point standings.

Brittany Force announced September 12 that she would be stepping away from competition at the end of this season to focus on starting a family with husband Bobby Lyons, Jr. John Force Racing announced Oct. 15 that five-year veteran Top Fuel driver Josh Hart will be driving for its Top Fuel team in 2026.

NOXIOUS WEEDS

What is a Noxious Weed? They are non-native plants that have been introduced to Spokane County through human actions. Because of their aggressive growth and lack of natural enemies, these species can be destructive, competitive, and difficult to control.

ABSINTH WORMWOOD

ABSINTH WORMWOOD

(BUTOMUS UMBELLATUS)

This toxic perennial reaches up to 5ft tall. Olive-green leaves are divided into deeply lobed leaflets that are covered in fine, silky hairs. Stems become woody as they age. Small, yellow flowers have no petals. Flower stalks appear at each leaf node, producing numerous flowerheads. Spread by root-stocks and seed. Hand pull or dig when soil is moist - be sure to get the roots. Mowing will reduce seed production. Invades over grazed or disturbed. Do not allowed grazing due to its toxic properties.
